

PowerFlare UltraPack24

Sometimes an incident may require the deployment of a large number of marker lights to aid in directing the flow of traffic around an incident site, or for marking off a work area. The PowerFlare® UltraPack24, containing 24 extremely bright, rugged, easy to use PowerFlare® Safety Lights in a tough nylon storage/carry bag, will provide plenty of beacons to do the job safely, efficiently, and cost effectively.

This bag features two zippered sections holding 12 beacons per side, plus a large zippered end compartment to store a complete set of spare CR-123 Lithium batteries. Mix and match beacon LED and shell colors to suit your needs - or choose one style for all the beacons.

-
- Road Closures/Traffic Control
